## A Publication of the DEPARTMENT OF REGULATION AND LICENSING FOR WISCONSIN-REGISTERED INTERIOR DESIGNERS

Volume 2, No.1

NOVEMBER, 1998

### Advisory Committee Change

Robert Epps of De Forest has resigned from membership on the Interior Designers Advisory Committee. Secretary Marlene Cummings requested that Mr. Epps resign so he could accept membership on the newly-created Home Inspector Advisory Committee. Mr. Epps has knowledge and experience in the construction trades and is an ideal public member for this new committee. Eventually, a new public member will be appointed to the Interior Designers Advisory Committee.

### Renewal of Registration

We all made it through the first renewal process and it probably wasn't too bad, at least the Department is not aware of anything out of the ordinary. As the

they could obtain the required continuing education; however, the Department was not overwhelmed with last minute crises.

You will find elsewhere in the Regulatory Digest the names of all interior designers whose registration was active status as of September 29, 1998. You will find a separate list of interior designers who had been registered, but had not renewed as of September 29, 1998. There may be a variety of reasons for their non-renewal. However, if their non-renewal was due to not having taken the required continuing education, they may renew late by paying the renewal fee, plus a \$25 late filing fee, and by showing proof of having obtained the education. Meanwhile, they should not be using the title "Wisconsin registered interior designer."

### Legislative Changes

1997 Wis. Act 139: Under the new law, effective May 5, 1998, Examining Board, the Department, and other regulatory authorities are authorized to issue administrative warnings. An administrative warning may be issued to close an investigation if a regulatory authority determines that no further action is warranted because the complaint involves a first occurrence of a minor violation and the warning protects the public.

An administrative warning puts the professional on notice that if the misconduct is repeated, the incident that was the basis for the warning can be used to

prove that the person warned knew the conduct was prohibited. A warning is not discipline and may be issued without a formal complaint or a hearing. The contents of the warning shall be private and confidential.

A credential holder may have a warning reviewed before the department or board that issued the warning. The act requires the department to promulgate rules establishing uniform procedures for administrative warnings. 1997 Wisconsin Act 139 is available from the department or can be viewed on the Internet at <http://www.legis.state.wi.us/billtext/acts/97acts.html>.

1997 Wis. Act 191: In April 1998, legislation was enacted which provides for suspension of credentials for failure to pay family support or for failure to comply with a subpoena or warrant related to paternity or support proceedings. The determination of failure to pay family support or failure to comply with a warrant or subpoena will be made by county support agencies or the Department of Workforce Development.

The Department of Workforce Development, after proper notice and provision for hearing, will certify to the Department of Regulation and Licensing that a professional who holds a credential issued by the department, or who is paying for a credential is delinquent in support or has failed to comply with a subpoena or warrant. The department then shall restrict, limit or suspend a credential or deny an application for an initial credential or for renewal of a credential. The credential will remain restricted, limited or suspended until the department receives notification of release from the Department of Workforce Development. However, credentials shall not be sanctioned for more than five years, if instituted because of delinquency in support, or for more than six months if instituted for failure to comply with a subpoena or warrant.

The new family support collection act requires the Department of Regulation and Licensing to collect social security numbers from all individuals who apply for new credentials. Applications from individuals who do not submit their social security number will be denied. The social security numbers collected may be disclosed only to the Department of Workforce Development for the purpose of enforcing the Family Support Collection Act, or the Department of Revenue for the purpose of checking for tax delinquencies. 1997 Wisconsin Act 191 became effective in April 1998 and is available in most public libraries and can be viewed on the Internet at

<http://www.legis.state.wi.us/billtext/acts/97acts.html>.

1997 Wisconsin Act 237: Since 1996, the law has required the department to verify that applicants for credential renewal are not delinquent in payment of Wisconsin state taxes. The department is required to deny renewal if the Department of Revenue certifies that an applicant is tax delinquent.

Effective January 1, 1999, the scope of the law will expand to apply to other state agencies, including the Department of Transportation and the Department of Natural Resources. The law will also change to include applicants for new credentials and current credential holders. After January 1, 1999, the Department of Regulation and Licensing is required to deny the applications for an initial credential if the applicant is certified by the Department of Revenue as being liable for delinquent state taxes. The Department of Regulation and Licensing will also be required to revoke the credential of current credential holders who are tax delinquent.

A person denied or revoked because of a tax delinquency status may request the Department of Revenue to review the certificate of tax delinquency at a hearing.

The text of the new law is in 1997 Act 237 at section 307 and sections 532-551. Act 237 is available at most public libraries and can be viewed on the Internet at <http://www.legis.state.wi.us/billtext/acts/97acts.html>.
